

JANUARY - FEBRUARY 2022 EDITION

A MESSAGE FROM THE PD CORE DIRECTOR

Happy New Year and welcome to the January/February installment of the MW CTR-IN Professional Development Core Newsflash!

I hope that everyone had a restful winter break, and that your new semester has started smoothly!

As I write this section, we are fresh from the excitement and exceptional presentations of our MW CTR-IN Virtual Annual Meeting (Jan 11-12, 2022).

Currently, the PD Core is hard at work reviewing your responses from the virtual Grant Writing Workshop interest survey. Look out for emails from us regarding meeting date and topic.

We have a monthly ATRIP Program scheduled for Friday, January 14th, and February, 11th. Please visit the MW CTR-IN Portal for more details.

Happy reading from the PD Core! We look forward to connecting with you soon!

Sincerely,

Larissa Myaskovsky, PhD

GRANTSPERSONSHIP

Ruben Dagda, PhD
Associate Director, PD Core
Program Coordinator, ATF &
GWW Programs

The next **Grant Writing Workshop (GWW)** will be offered during the Spring 2022 semester (date TBD). The GWW will be targeted for junior CTR faculty who are developing a major extramural grant for submission within the next 9-12 months, and have on-going MW CTR-IN pilot grants, or are yet to be funded. Given the ongoing SARS-COV-2 pandemic, the GWW will be offered virtually through Zoom. Please stay tuned for more details.

We continue to offer **Advance to Funding (ATF)** virtual study sections to provide expert peer review of your grant proposals before sending them off. These sessions are offered year-round, with funds available to pay for up to two rounds reviews per application.

TO APPLY FOR THE ATF PROGRAM,
PLEASE LOG-ON TO THE MW CTR-IN PORTAL [HERE](#)
(After Log-in, please click on “ATFs” section under Support)

RESEARCH EDUCATIONAL RESOURCES

Dear Colleagues,

We are sorry to let you know that Dr. Kataoka-Yahiro had to end her role as the Associate Director of the Education Unit of the MW CTR-IN Professional Development Core because the University of Hawaii, Manoa now has their own CTR-IN and she was asked to serve her institution’s CTR-IN instead. As one of the longest-serving members of the MW CTR-IN, Merle provided such an important role to the PD Core and to MW CTR-IN, and always did so with tremendous enthusiasm and compassion. The MW CTR-IN Executive Committee is working hard to fill the gap that Merle’s departure leaves. We will update you on her replacement as soon as possible.

In the meantime, please be sure to visit the [Education Section](#) of the MW CTR-IN Portal to see an updated list of available resources. Also, please see this [Notice of Special Interest](#) with more great opportunities!

Sincerely,
Larissa Myaskovsky, PhD
PD Core Director
